APPLICABLE TO NEW YORK ONLY:

The **CLAIMS MADE** policy covers only claims:

- (1) actually made against the insured while the policy remains in effect, or
- (2) arising from incidents reported to the insurer while the policy remains in effect.

All coverage provided by the policy ceases upon the termination of the policy, except for the automatic (basic) extended reporting period coverage, unless the insured purchases additional (supplemental) extended reporting period coverage.

The automatic (basic) extended reporting period is 90 days. The additional (supplemental) extended reporting period is unlimited, with any period of time less than that being at the insured's option.

The applicant should be aware that there are potential coverage gaps that may arise upon expiration of the applicable (either basic or supplemental) extended reporting period. For example, there is no coverage for a claim made after the applicable extended reporting period terminates unless the incident giving rise to such claim was reported to the insurance company prior to the termination of the applicable extended reporting period.

There is no separate premium charge for the basic extended reporting period. The premium for the supplemental extended reporting period is 50% of the annual premium for the last policy.

If the applicant is changing from an occurrence policy to a claims made policy, the receipt of information from the insurer describing the limited scope of coverage and potential coverage gaps inherent in claims made forms is acknowledged.

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information, or conceals for the purpose of misleading, information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime, and shall also be subject to a civil penalty not to exceed five thousand dollars and the stated value of the claim for each such violation.
